CORPORATE RECOVERY

McGrathNicol is the market leader in assisting corporates and financiers negotiate financial turbulence. The global financial crisis means that there is higher demand for our services than ever before, including on Australia's largest and most complex matters.

As a result we have exciting career opportunities nationally for Chartered Accountants with a history of high achievement undertaking financial and strategic analysis. Your background may be in restructuring, transaction services, advisory, forensic accounting or insolvency and you will have experience in assisting clients resolve complex business and financial problems to maximise long term value.

Please call us to find out about the career opportunities available.
