Jason joined KPMG Corporate Recovery in 1998 and has been with McGrathNicol since its commencement. He has specialised in insolvency, restructuring and Government advisory work throughout his career, and has substantial experience in the management of a broad range of restructuring and formal insolvency engagements.

In recent times, Jason has developed financial models for a number of infrastructure projects, and provided financial advice to the Department of Defence on a base redevelopment project valued at in excess of \$1bn.

Experience

Industry Sector Experience

Jason has industry sector experience in property, automotive, consumer finance, infrastructure, mining and the Government sector.

Examples include:

- development of financial models for a power utility to assess the financial viability and structuring options in the development of a gas-fired power station and data centre project;
- development of financial models and preparation of a strategic business case for the Department of Defence in relation to its Force Disposition Project and considering the suitability of a number of projects for private financing options;
- preparing a vendor due diligence report for an ASX20 financial institution considering the divestment of c\$5bn of financial assets;
- development of a department budgeting model for the Department of Employment and Workplace Services;
- managing the restructure of the Adelaide operations of the automotive component manufacturer Ion Limited;
- managing aspects of the sale of Henry Walker Eltin Ltd;
- advising Hyundai, Kia and Daewoo Motor Companies of Korea on solvent divestments and acquisitions; and
- managing asset divestments of the HIH Insurance Ltd group of companies, including consumer finance operations and real property assets;
