Statutory Report to Creditors

We refer to our initial information for creditors dated 29 April 2021, in which we advised you of our appointment as liquidator and your rights as a creditor in the liquidation.

The purpose of this report is to:

- provide you with an update on the progress of the liquidation; and
- advise you of the likelihood of a dividend being paid in the liquidation.

1. Update on the progress of the liquidation

1.1 Appointment details

- On 30 March 2021, the Federal Court of Australia (**the Court**) ordered that Michael Hill and Anthony Connelly of McGrathNicol be appointed Liquidators of SASPW. Michael Hill and Anthony Connelly were also appointed Liquidators of Orphans Asia Pty Ltd (In Liquidation) (**Orphans Asia**), an associated company, on this date.

1.2 Background and events leading up to the liquidation

- The Liquidators' appointment over SASPW and Orphans Asia occurred following their appointment over PW Kitt Co Pty Ltd (In Liquidation) (**PWK**), an associated company. Details regarding SASPW, Orphans Asia and PWK are provided below.
- On 7 August 2020, the Court, on the application of the Australian Securities and Investments Commission (**ASIC**), ordered that Michael Hill, Anthony Connelly and Katherine Sozou of McGrathNicol (**the Receivers and Managers**) be appointed Receivers and Managers to the property and assets of:
 - PWK; and
 - Larry John Dawson (**Mr Dawson**) (the sole director of PWK).(collectively, **the Defendants**)
- As set out in the Court order, the Receivers and Managers' appointment over the Defendants was for the purpose of:
 - identifying, collecting and securing the property of the Defendants;
 - ascertaining the amount of investor funds received by the Defendants;
 - identifying any dealings with, payments of, distributions by or uses made of investor funds by the Defendants;
 - identifying any property purchased or acquired with investor funds;
 - recovering investor funds; and
 - providing a report to Court within 42 days in relation to the matters referred to above.
- The Receivers and Managers provided their report to the Court on 26 August 2020. The Receivers and Managers' findings supported ASIC's concerns of suspected fraudulent activity by PWK and, on that basis, ASIC sought to have PWK wound up. ASIC also commenced proceedings to wind up SASPW and Orphans Asia as both companies had received funds from PWK.
- Investigations to date indicate SASPW, Orphans Asia and PWK are all likely to have operated together.

1.3 *Offices and personnel*

- The Liquidators have been unable to identify a physical location from which SASPW operated. As detailed above, investigations indicate SASPW, Orphans Asia and PWK are all likely to have operated together. On 10 August 2020, the Receivers and Managers' staff members physically attended the PWK registered office located at Level 36, Governor Phillip Tower, 1 Farrer Place, Sydney, NSW 2000. This was a virtual office that had no physical presence.
- ASIC records disclose SASPW's registered office, SASPW's principal place of business and SASPW's sole director's address as being the same as Mr Dawson's residential address. Craig Davis (**Mr Davis**) is the sole director of SASPW. Mr Davis advised the Liquidators that Mr Dawson is a personal friend and the two of them have never had any business dealings.
- Mr Davis has cooperated with the Liquidators to date. The Liquidators' ongoing investigations indicate that Mr Davis is likely to have been dealing with a business partner in relation to SASPW; however, the Liquidators have been unable to locate this person as it appears they may have been using an alias. There is no evidence to indicate Mr Davis' business partner was Mr Dawson.
- In late 2020, Mr Dawson was arrested by the New South Wales police force and charged with 48 fraud offences. The Liquidators understand Mr Dawson is still in police custody.

1.4 *Estimated assets*

The Liquidators have not received any books and records of SASPW and have had to rely on searches of available public information and information provided by third parties to understand the assets of SASPW as at the date of their appointment, which are detailed below.

Estimated assets			
Description	At appointment (\$)	Liquidators' estimate (\$)	ROCAP (\$)
Cash at bank	113,543.86	113,543.86	Unknown
Total assets	113,543.86	113,543.86	Unknown

The Liquidators identified three pre-appointment accounts in the name of SASPW. These accounts have been closed and the remaining funds were transferred to the SASPW liquidation bank account.

At this stage and without further information becoming available, the Liquidators do not anticipate any further asset recoveries in the liquidation of SASPW.

1.5 *Estimated liabilities*

Due to the lack of any books and records available, the Liquidators are unable to identify the extent of the liabilities of SASPW. Investigations to date indicate there were various intercompany transactions between SASPW, Orphans Asia and PWK although amounts are yet to be quantified. No creditors have contacted the Liquidators in relation to SASPW to date; however, investigations indicate various parties who thought they were investing with PWK had their funds diverted to SASPW, which may give rise to various claims in SASPW. The Liquidators' investigations in this regard are continuing.

The Liquidators have insufficient evidence to indicate any secured creditors and the Personal Properties and Securities Register search results indicate no party has registered a security interest against SASPW.

Accordingly, the Liquidators are unable to estimate SASPW's liabilities at the date of this report.

1.6 *Investigations*

The Liquidators have commenced their statutory investigation into SASPW's affairs using information made available by third parties and intend to lodge a section 533 report with ASIC shortly. Our investigations to date indicate the following:

- it appears Mr Davis breached the director duties, obligations and responsibilities imposed on him pursuant to sections 180 to 184 of the *Corporations Act 2001* (**the Act**);
- it appears Mr Davis breached sections 286 and 364 of the Act in respect of maintaining books and records to correctly record and explain SASPW's transactions and financial position and performance; and
- the books and records were insufficient to establish insolvent trading and whether there are any voidable transactions (including unfair preference payments).

At this stage, we are unable to comment on whether there will be potential recoveries available for the benefit of creditors.

The Liquidators have submitted an Assetless Administration Fund (**AAF**) funding request with ASIC for PWK to conduct further investigations. The Liquidators will await ASIC's response before determining whether to submit an AAF funding request with ASIC for SASPW.

2. Receipts and payment to date

Enclosed are details of all receipts and payments in the liquidation to 25 June 2021.

3. Likelihood of a dividend

A number of factors will affect the likelihood of a dividend being paid to creditors, including:

- the size and complexity of the liquidation;
- the amount of assets realisable and the costs of realising those assets;
- the statutory priority of certain claims and costs;
- the value of various classes of claims including secured, priority and unsecured creditor claims, and
- the volume of enquiries by creditors and other stakeholders.

At this stage, we are unable to comment on whether a dividend may be payable to creditors with admitted claims in the liquidation as our investigations into SASPW's affairs remain ongoing, including the various intercompany transactions between SASPW, Orphans Asia and PWK.

If a dividend is going to be paid, you will be contacted before that happens and, if you have not already done so, you will be asked to lodge a proof of debt. This formalises the record of your claim in the liquidation and is used to determine all claims against SASPW.

4. Cost of the liquidation

As previously advised in the initial information to creditors, the Liquidators estimated that the total remuneration for the liquidation of PWK would be approximately \$75,000 (GST exclusive). At this stage, we are unable to comment on whether our total remuneration is likely to exceed this estimate as it is dependent upon our ongoing investigations and ASIC's reporting requirements.

The Liquidators will apply to the Court to have their remuneration approved in due course.

5. What happens next?

We will proceed with the liquidation, which will include:

- recovering any further available property;
- determining whether to submit an AAF funding request with ASIC;
- finalising our investigations into SASPW's affairs;
- if identified, pursuing any viable claims for statutory recovery actions; and
- completing our reporting to the corporate insolvency regulator, ASIC.

The Liquidators estimate it may take more than one year to finalise the liquidation due to the complex nature of the investigations and ASIC's requirements.

Recoverable Transactions

Preferences

A preference is a transaction, such as a payment by the company to a creditor, in which the creditor receiving the payment is preferred over the general body of creditors. The relevant period for the payment commences six months before the commencement of the liquidation. The company must have been insolvent at the time of the transaction, or become insolvent because of the transaction.

Where a creditor receives a preference, the payment is voidable as against a liquidator and is liable to be paid back to the liquidator subject to the creditor being able to successfully maintain any of the defences available to the creditor under the Corporations Act.

Creditor-defeating disposition

Creditor-defeating dispositions are the transfer of company assets for less than market value (or the best price reasonably obtainable) that prevents, hinders or significantly delay creditors' access to the company's assets in liquidation. Creditor-defeating dispositions are voidable by a liquidator.

Uncommercial Transaction

An uncommercial transaction is one that it may be expected that a reasonable person in the company's circumstances would not have entered into, having regard to the benefit or detriment to the company; the respective benefits to other parties; and any other relevant matter.

To be voidable, an uncommercial transaction must have occurred during the two years before the liquidation. However, if a related entity is a party to the transaction, the period is four years and if the intention of the transaction is to defeat creditors, the period is ten years. The company must have been insolvent at the time of the transaction, or become insolvent because of the transaction.

Unfair Loan

A loan is unfair if and only if the interest was extortionate when the loan was made or has since become extortionate. There is no time limit on unfair loans – they only must be entered into before the winding up began.

Arrangements to avoid employee entitlements

If an employee suffers loss because a person (including a director) enters into an arrangement or transaction to avoid the payment of employee entitlements, the liquidator or the employee may seek to recover compensation from that person or from members of a corporate group (Contribution Order).

Unreasonable payments to directors

Liquidators have the power to reclaim '*unreasonable payments*' made to directors by companies prior to liquidation. The provision relates to payments made to or on behalf of a director or close associate of a director. The transaction must have been unreasonable, and have been entered into during the 4 years leading up to a company's liquidation, regardless of its solvency at the time the transaction occurred.

Voidable charges

Certain charges over company property are voidable by a liquidator:

- circulating security interest created within six months of the liquidation, unless it secures a subsequent advance;
- unregistered security interests;
- security interests in favour of related parties who attempt to enforce the security within six months of its creation.

Insolvent trading

In the following circumstances, directors may be personally liable for insolvent trading by the company:

- a person is a director at the time a company incurs a debt;
- the company is insolvent at the time of incurring the debt or becomes insolvent because of incurring the debt;
- at the time the debt was incurred, there were reasonable grounds to suspect that the company was insolvent;
- the director was aware such grounds for suspicion existed; and
- a reasonable person in a like position would have been so aware.

The law provides that the liquidator, and in certain circumstances the creditor who suffered the loss, may recover from the director, an amount equal to the loss or damage suffered. Similar provisions exist to pursue holding companies for debts incurred by their subsidiaries.

A defence is available under the law where the director can establish:

- there were reasonable grounds to expect that the company was solvent and they did so expect;
- they did not take part in management for illness or some other good reason; or
- they took all reasonable steps to prevent the company incurring the debt.

The proceeds of any recovery for insolvent trading by a liquidator are available for distribution to the unsecured creditors before the secured creditors.

Important note: This information sheet contains a summary of basic information on the topic. It is not a substitute for legal advice. Some provisions of the law referred to may have important exceptions or qualifications. This document may not contain all of the information about the law or the exceptions and qualifications that are relevant to your circumstances.
