- The work the Administrators are entitled to be remunerated for in accordance with the Act is necessary to ensure the greatest possible return to creditors.

We have not been provided with any upfront payments or indemnity for the conduct of this Voluntary Administration.

Part 4: Disbursements

Disbursements are divided into three (3) types:

- A Externally provided professional services - these are recovered at cost. An example of an externally provided professional service disbursement is legal fees.
- B1 Externally provided non-professional costs - these are recovered at cost. Examples of externally provided non-professional costs are travel, accommodation, and search fees.
- B2 Internal disbursements such as photocopying, printing and postage. These disbursements, if charged to the Administration, would generally be charged at cost; though some expenses such as telephone calls, photocopying and printing may be charged at a rate which recoups both variable and fixed costs. The recovery of these costs must be on a reasonable commercial basis. Details of the basis of recovery of each of these costs is discussed below.

We are required to seek creditor approval for disbursement types A and B1, but must provide a full summary of account of disbursements to creditors. We must be satisfied that these disbursements are appropriate, justified and reasonable.

We are required to seek creditor approval prior to the payment of internal disbursements (B2) where there may be a profit or advantage. Creditors will be asked to approve our internal disbursements where there is a profit or advantage prior to these disbursements being paid in the Administration.

Proposal 1 for creditor approval

“That the remuneration of the Administrators, their Partners and staff from 8 July 2021 of the 21 July 2021 be approved up to a maximum amount of \$8,988.68 plus GST, as calculated in accordance with the Mackay Goodwin hourly rates attached and that the Administrators be authorised to draw the remuneration as required.”

Reasons for the proposal and the likely impact it will have on creditors if it is passed

If our remuneration is approved, we will draw amounts from current funds held and/or from future funds should they become available. This will reduce the dividend payable (if any) to creditors of the Company. Failure to approve our remuneration via a remuneration proposal will require us to call a meeting of creditors which will result in additional costs being incurred by our office which we may seek approval for.

- Yes I approve the proposal
