(all Administrators Appointed)  
(each a Company, and collectively "the Insolvent Companies")**

**Held virtually via Zoom teleconference and webcast only on 13 July 2021 at 2:00PM (AEST).**

<b>Present</b>	As per the attached register of attendees and observers.
<b>Opening</b>	<p>The Chairperson called the meetings to order and declared the first meetings of creditors of:</p> <ul style="list-style-type: none"><li>▪ Tandem Corp Pty Ltd;</li><li>▪ Tandem Digital Services Pty Ltd</li><li>▪ Infrastructure Services Group (Aust) Pty Ltd</li><li>▪ ISGA FinCo Pty Ltd</li><li>▪ ISGM Consulting Pty Ltd</li><li>▪ Tandem Property Works Pty Ltd</li><li>▪ ISG Management Pty Ltd</li></ul> <p>(all Administrators Appointed) <b>(collectively, "the Insolvent Companies")</b> open at 2:01PM on Tuesday, 13 July 2021.</p> <p>The Chairperson noted that the meetings were being held virtually to accommodate COVID-19 related travel constraints, in-person gathering restrictions and attendee safety considerations.</p>
<b>Agenda</b>	<p>The Chairperson shared the agenda for the meetings.</p> <p>The Chairperson requested creditors ask their questions via the 'Q&amp;A' function, or where they were unable to this the function, to use the 'Raise Hand' function. The Chairperson instructed creditors that when asking questions to state their name, the name of their organisation (if they were representing one), and whether they were an employee of one of the Insolvent Companies.</p>
<b>Chairperson</b>	Keith Crawford, the Administrator, took the Chair pursuant to Insolvency Practice Rules (Corporations) (IPR) 75-50.
<b>Introductions</b>	The Chairperson introduced Matthew Caddy ( <b>Mr Caddy</b> ) a partner at McGrathNicol and one of the Voluntary Administrators. The Chairperson

noted that other McGrathNicol staff assisting the Administrators were also attending the meetings.

**Meetings being recorded**

The Chairperson advised that the meetings were being recorded for the purposes of preparing the minutes.

**Quorum**

The Chairperson declared that a quorum was present for each of the Insolvent Companies pursuant to IPR 75-105.

**Attendance**

The Chairperson confirmed all creditors and attendees should have signed into the meetings with their individual link and voting ID. These attendees have been noted on the Attendance registers which are attached at **Annexure A**.

The Chairperson noted the following observers were in attendance at the meetings:

- Mr David Walters from the Attorney-General's Department;
- Ms Vicky Antzoulatos from Shine Lawyers;
- Mr Brendon Watkins from MinterEllison; and
- Mr Jason Matser from Acurus.

The Chairperson advised that unless there were any objections, the observers would be allowed to attend but not otherwise participate in the meetings.

There were no objections.

**Time and place of meetings**

The Chairperson declared that in accordance with IPR 75-30, the Chairperson is of the opinion that the meetings have been validly convened at a date, time and place most convenient for the majority of persons entitled to receive notice of the meetings.

**Proofs of Debt and Proxies**

The Chairperson confirmed that they held 20 general proxies in their favour. The Chairperson noted that the proof of debt and proxy registers were being collated and requested that if any creditors wished to inspect the registers to inform the Administrators via the 'Q&A' function or following the meetings.

There were no requests to inspect the documents.

**Voting**

The Chairperson advised the meetings of the requirements of IPR 75-85, 75-87, 75-75, and 75-115 as they apply to voting at this meeting.

**Concurrent meetings**

The Chairperson outlined the administrative processes of the meetings of creditors and explained that he proposed to hold the meetings of the Insolvent Companies concurrently. The Chairperson advised that unless there were any objections, the meetings would be held concurrently.

There were no objections.

The Chairperson confirmed the meetings of the Insolvent Companies were to be held concurrently.

### **Purpose of meetings**

The Chairperson advised the purpose of the first meetings of creditors is to:

- allow creditors to consider the removal of the Administrators and appoint an alternative administrator who had consented to act; and
- determine whether to appoint a committee of inspection and, if so, to determine who the members of the committee will be.

The Chairperson advised that the meeting had no formal authority to consider any other business. The Chairperson advised that at the second statutory meetings of creditors, a decision may be made regarding the Insolvent Companies' future.

### **Declaration of Independence, Relevant Relationships and Indemnities**

The Chairperson tabled the Declaration of Independence, Relevant Relationships and Indemnities (**DIRRI**) circulated with the meeting information, as required by section 436DA of the Corporations Act (**Act**), and the Australian Restructuring, Insolvency & Turnaround Association's (**ARITA**) Code of Professional Practice.

The Chairperson confirmed that a copy of the DIRRI was made available to all creditors on the McGrathNicol website.

### **Remuneration of Administrators**

The Chairperson tabled the Initial Remuneration Notice that was circulated with the meeting information in accordance with IPR 70-35.

The Chairperson advised that a Remuneration Report detailing the remuneration sought would be provided prior to the second meetings of creditors.

### **Overview and background**

The Chairperson proceeded to provide the meetings with an overview of the voluntary administration (**Administration**) process and an outline of the Insolvent Companies and their current position. Attached is a copy of the Chairperson's presentation.

The Chairperson provided the meetings with information regarding:

- the role of Voluntary Administrators;
- an outline of the Administration timeline;
- the background of events leading to the Administrators' appointment;
- the corporate structure of the Insolvent Companies and entities within the Tandem Group not subject to the Administrators' appointment (**non-VA entities**);
- the ongoing sale process for businesses of certain Insolvent Companies and non-VA entities, which was on foot at the time of the Administrators' appointment and was being continued by the Administrators;
- the key actions taken by the Administrators since their appointment and next steps to be taken following the meetings;
- the potential return to creditors;
- the impact of the Administration on employees of the Insolvent Companies and an explanation of the Fair Entitlements Guarantee scheme; and

- the differences between a liquidation and Deed of Company Arrangement (**DOCA**) to be voted on at the second meetings of creditors, with the Administrators' preliminary view that a liquidation of the Insolvent Companies is the most likely outcome.

## Questions

The Chairperson opened the meeting for questions via the 'Q&A' or 'Raise Hand' function and explained that written questions would be answered verbally where it would be for the benefit of all creditors in attendance.

The Chairperson noted that questions of a personal nature would be responded to privately.

**Brian Keegan from ServiceNow Pty Ltd**

**Q: Was there a contract withdrawn or what led to the insolvency?**

A: The Chairperson explained the Administrators' preliminary understanding of the circumstances leading to their appointment to the Insolvent Companies was the progressive erosion of customer volumes coupled with costs associated with defending a class action brought against ISG Management Pty Ltd (Administrators Appointed).

The Chairperson explained that the Administrators would undertake further investigations to form a final view on the reasons leading to their appointment, however noted these issues culminated in the Insolvent Companies lacking the financial capacity to overcome a short-term funding requirement of approximately \$12.0 million.

**Adam Van Der Zee from Adtech Contracting Pty Ltd**

**Q: As statutory declarations have been signed stating all employees and contractors have been reimbursed for their services, will there be legal action taken against the parties that have signed such statutory declarations?**

A: The Chairperson advised that the Administrators were unaware of any such statutory declarations but that matters brought to the Administrators' attention would be the subject of further investigations. The Chairperson explained that to the extent any misconduct was identified, it would be addressed in the Administrators' report to be issued prior to the second meetings of creditors.

**Ramsey Hawat from Latitude and Horizontal Connect Services Pty Ltd**

**Q: Will the list of creditor and company names be made available to creditors following the meetings?**

A: The Chairperson noted that the Administrators would be lodging a record of all attendees with the Australian Securities and Investments Commission (**ASIC**) following the meetings.

**Chris Hill representing Mr Robert Mutch**

**Q: Can you please confirm that the proposed structure of a sale is an asset sale and not one to be achieved under a DOCA?**

A: The Chairperson confirmed that the sale being contemplated is an asset sale and does not involve a DOCA.

**Q: Can you please advise as to whether IFM Investors (or any other shareholder of Tandem Corp Pty Ltd) has any debt in the Tandem Group and if so, what is the quantum and is it secured?**

**Lauren Watts, employee from  
ISG Management Pty Ltd  
(Administrators Appointed)**

A: The Chairperson noted that he was not aware of secured debt held by IFM Investors or any other shareholder of the Tandem Group. He explained that the Administrators had not yet formed a final view on the extent of any potential residual unsecured claims by shareholders, noting any such claims would be reviewed as and when those claims are made.

**Q: If the sale is not enough to cover all employee entitlements, what is the process that follows?**

A: The Chairperson explained that in parallel with the preparation of the Administrators' report, the Administrators would be working with employees to ensure they are able to make timely applications to the Fair Entitlements Guarantee (FEG) scheme in order to access compensation in relation to outstanding entitlements to deal with a scenario where there is a shortfall from sale proceeds.

The Chairperson noted that the Administrators would be expediting this as best they can, so that should a liquidation occur at the second meeting of creditors, employees can access the FEG scheme as soon as practical.

**Mary Gordon from Unique  
Systems (Aus) Pty Ltd**

**Q: Can you please explain what happens to payments from 1 July 2021 to creditors who have received a purchase order (PO) that has been authorised by the Administrators? Is there any guarantee on those payments and how long does it take for the payment?**

A: The Chairperson noted that creditors that continue to trade with the Administrators on and from 1 July 2021, ought to have already received correspondence detailing the Administrators' purchase order process. This mechanism confirms that suppliers who are continuing to trade and who have received properly authorised POs from the Administrators will be paid on normal commercial terms from the Administration of the Insolvent Companies.

**Victor Lanch from Atelier Grey  
Pty Ltd**

**Q: What is the timeline for identifying what shared service resources are required moving forward?**

A: The Chairperson advised that the Administrators and their staff had provided shared service employees ongoing updates regarding the status of a potential sale. The Chairperson explained that there will be a necessary process over the coming weeks to confirm the requirement for ongoing service of each shared service employee to either support the sale process, the wind down of the Tandem Property Services business or to support the Administrators generally. The Chairperson explained that discussions would be held with shared service employees on an individual basis and expected to provide further clarity in this regard within the next two weeks.

**Ifrah Kareem, employee of ISG  
Management Pty Ltd  
(Administrators Appointed)**

**Q: I was made redundant on 1 July 2021. When is the exact date we can apply with FEG?**

A: The Chairperson confirmed that a number of redundancies were made on the first day of the Administrators' appointment for roles that were not required to support the business moving forward. The Chairperson noted that these individuals should have received correspondence from the Administrators setting out the FEG application process. The Chairperson explained that the date an application can officially be made to FEG is the

date the employing entity is placed into liquidation, noting this would not happen prior to the second meetings of creditors. The Chairperson advised that the Administrators had been in contact with FEG so that, should a liquidation occur, the FEG process for eligible employees would be expedited. The Chairperson noted that the Administrators do not have authority over the FEG timeline and that the process can take up to 16 weeks.

**Mike Heffernan, employee of ISG Management Pty Ltd  
(Administrators Appointed)**

**Q: What priority is given to unpaid wages in the administration? Casual employees were not included in the June 2021 payroll for ISGM.**

A: The Chairperson advised that unpaid wages are covered by FEG up to certain limits, thresholds, and durations. He noted that the Administrators were not aware of the existence of any unpaid wages at the date of appointment and that their understanding was that payroll had been processed for the period up to and including 30 June 2021. The Chairperson noted that any employees with unpaid wage claims should contact the Administrators' office to be dealt with on an individual basis.

**Kym Martin, employee of ISG Management Pty Ltd  
(Administrators Appointed)**

**Q: How do we access unpaid super contributions?**

A: The Chairperson explained that unpaid super contributions have a first ranking priority under the Act but are not covered by the FEG scheme. The Chairperson noted that at this stage the Administrators were not aware of the extent, if any, of unpaid super contributions. He noted that the Administrators would contact affected employees within the coming weeks to identify claims for entitlements.

**Shay Clifford, employee of ISG Management Pty Ltd  
(Administrators Appointed)**

**Q: Does the Administrators' investigation determine how a \$12.0 million shortfall can cause the Insolvent Companies to become insolvent, with reference to much higher annual turnover figures? Does the investigation determine potential misuse of funds?**

A: The Chairperson explained that the Administrators' investigation would include a review of payments made by the Insolvent Companies to related parties or other persons, and whether any inappropriate payments exist that may be pursued as an avenue of recovery for creditors.

**Adrian Shearan, employee of ISG Management Pty Ltd  
(Administrators Appointed)**

**Q: Based on the assumption of the progression of the sale do you anticipate all debt being paid?**

A: The Chairperson noted that a potential sale is currently at an indicative non-binding stage only therefore the potential outcome to creditors is unknown. The Chairperson noted that based on the Administrators' understanding of the quantum of debt owed by the Insolvent Companies to its secured and unsecured creditors, it was unlikely creditors would be paid in full. The Chairperson advised that the Administrators' report to creditors would include further detail regarding the estimated return to creditors, which would be made available prior to the second meetings.

**Nicole Klemra, employee of ISG Management Pty Ltd  
(Administrators Appointed)**

**Q: How long will it be before we know the status of our entitlements? If we are transferring across to a solvent business, are our entitlements available to us again immediately?**

A: The Chairperson explained that the Administrators' expectation for employees who are candidates for a transfer of employment with a sale is that those entitlements (including length of service, entitlement to

redundancy, and notice in lieu of termination) would transfer across, as is, to the purchasing entity.

The Chairperson noted that any agreement entered into by the Administrators with a prospective purchaser would require offers of employment for transferring employees to be made on terms and conditions that are no less favourable than current employment agreements.

**Steve Charalambous from Levant Building & Construction Pty Ltd**

**Q: If the entity we are dealing with is not under administration, can we chase our debt through these channels?**

A: The Chairperson explained that any creditors with amounts owing to them from entities not in Administration should direct their queries to the directors of those entities. The Chairperson noted that he understood non-VA entities were still making payments in the ordinary course of business.

**Anthony Heesterman from AIT Accounting Pty Ltd**

**Q: When will payment be made for work completed after 1 July 2021?**

A: The Chairperson advised that amounts owing in respect of work completed for the Insolvent Companies from 1 July 2021 which were approved by an authorised PO, subject to the aforementioned PO process, would be paid by the Administrators in the ordinary course of business.

The Chairperson clarified that creditors with amounts owing for work completed after 1 July 2021 in relation to non-VA entities should address this matter with the director of those entities. The Chairperson reiterated that he understood non-VA entities were continuing to make payments in the ordinary course of business.

**Lauren Watts, employee of ISG Management Pty Ltd (Administrators Appointed)**

**Q: Will partial payments affect FEG?**

A: The Chairperson explained that it is likely there will be an application process by FEG to compensate employees, to the extent they are entitled to be compensated under the scheme, prior to a distribution being made by the Administrators due to the time required by the Administrators to collate claims and declare distributions. The Chairperson noted that if the Administrators were to make a partial distribution to employees if there were funds available to do so, then there would likely be an adjustment to any FEG claim.

**John Dick, employee of ISG Management Pty Ltd (Administrators Appointed)**

**Q: What do you do with unpaid subcontractors?**

A: The Chairperson advised that contractors with amounts owed to them by the Insolvent Companies as at the Administrators' date of appointment are required to submit a proof of debt form to lodge their claim in the Administration. The Chairperson explained that unpaid contractors would rank as unsecured creditors in the Administration.

**Andrew Wyatt, Valyarra Solutions Pty Ltd ATF Heatherbrae Family Trust**

**Q: What is your advice in continuing to work on outstanding purchase orders or works and is payment guaranteed?**

A: The Chairperson explained that the Administrators have a statutory obligation to pay for any debts properly incurred following their appointment. He noted there is a process to follow, outlined in the Administrators' circular issued to suppliers and in accordance with the

Insolvent Companies' pre-existing processes, to ensure suppliers provide the appropriate documentation to ensure works are approved and accompanied by a PO authorised by the Administrators. The Chairperson reiterated that creditors of non-VA entities should direct their queries to the directors of those companies.

**Keith Painter, employee of ISG Management Pty Ltd (Administrators Appointed)**

**Q: Can you clarify the inconsistency between saying there is a sale process underway yet also you anticipate the company may go into liquidation.**

Q: The Chairperson explained that the potential sale currently on foot can be completed by the Administrators within the coming weeks and does not rely on a DOCA or liquidation. He explained that if the sale process was to take longer than expected, and the Insolvent Companies were to be placed into liquidation, then the Administrators, as Liquidators, could still complete the sale as it relates to a sale of the businesses of certain Insolvent Companies and non-VA entities.

The Chairperson clarified that the fate of the Insolvent Companies which are likely to go into liquidation does not determine the outcome of a sale of business. The Chairperson noted that in conjunction with the directors of the non-VA entities, the Administrators have the capacity to sell the business of the Insolvent Companies regardless of whether the Insolvent Companies are placed into liquidation.

**Nathan Bradbery from Bradson Communications Pty Ltd**

**Q: Are subcontractors ranked at the same priority level as employees?**

A: The Chairperson explained that unless a Court determines otherwise, employees will rank ahead of subcontractors by virtue of the fact that employees are treated as priority creditors under the Act. Unless a judgment is passed that elevates subcontractors to the status of employees, subcontractors will be ranked lower than employees in the priority of payments prescribed by the Act.

**Ramsey Hawat from Latitude and Horizontal Connect Services Pty Ltd**

**Q: If the deal falls through and ISG Management is liquidated will the POs be paid before the company is liquidated?**

A: The Chairperson reiterated that the Administrators are personally liable for debts properly incurred during the Administration and that payment of these amounts would not be impacted by the Insolvent Companies being placed into liquidation. He explained that regardless of whether a decision is made at the second meetings of creditors to have the Insolvent Companies go into liquidation, the obligation will remain for the Administrators to pay debts properly incurred during the Administration.

**Debbie Clarke from FNQ Cable Locators Pty Ltd**

**Q: Are the unsecured creditors likely to receive any funds owed on outstanding invoices by ISG Management Pty Ltd?**

A: The Chairperson explained that it is too early for the Administrators to comment on the prospect of unsecured creditors receiving a return on amounts owed to them as at the date of the Administrators' appointment. The Chairperson noted that based on the quantum of debt owed to creditors of the Insolvent Companies it was unlikely there would be a meaningful return to creditors. The Chairperson noted there are other avenues of recovery available to unsecured creditors if and when the

Insolvent Companies are placed into liquidation, which would be investigated further by the liquidators.

**Sue Stevens from Valyarra Solutions Pty Ltd ATF Heatherbrae Family Trust**

**Q: What happens to creditors who completed works between 1 July 2021 and 6 July 2021 prior to purchase orders being issued?**

A: The Chairperson advised that creditors in this situation should contact the Administrators' office. The Chairperson advised that the Administrators would ensure there is a proper process to issue retrospective POs for necessary works provided in good faith and commissioned in the ordinary course of business.

**Paul Pollard from Polcom Communication Pty Ltd**

**Q: What involvement has Telstra had considering Telstra has paid for contractor's RCTIs?**

A: The Chairperson explained that Telstra has continued to remit payments to the Administrators for the services completed prior to their appointment, noting those payments were presently being held by the Administrators as part of the estate of the Administration. The Chairperson noted that all things being equal, those proceeds would be retained for distribution, net of costs, to creditors in accordance with the priority of payments prescribed by the Act.

**Michael Johns, employee of ISG Management Pty Ltd (Administrators Appointed)**

**Q: Were the Administrators given any reason why the CEO and EGM resigned so quickly after the Administrators were appointed? Shouldn't they have been in place throughout the Administration period?**

A: The Chairperson confirmed that those resignations had been tendered to the Administrators. The Chairperson did not think it was appropriate to speculate as to the reasons why those individuals tendered those resignations. The Chairperson confirmed that those individuals have continued to assist the Administrators and thanked them for their efforts.

**Chris Hill representing Mr Robert Mutch**

**Q: Has there been any indication from the directors (or shareholders) of the Insolvent Companies as to whether they consider proposing a DOCA (noting earlier comments that you consider liquidation is the most likely outcome)?**

A: The Chairperson advised that there had been some preliminary enquiries regarding the possibility of putting forward a DOCA, noting there is no DOCA proposal present at this time. The Chairperson noted that the Administrators' consider a DOCA unlikely due to the impediment of the significant employee entitlements. The Chairperson explained that in this situation, where a liquidation would allow employees to access the FEG scheme, any DOCA would need to provide terms that are as favourable as the terms available to employees under the FEG scheme. The Chairperson noted that the Administrators believe that a DOCA of that nature is unlikely, but they are not ruling out the possibility.

**Dave Mozdierz, employee of ISG Management Pty Ltd (Administrators Appointed)**

**Q: Will the Administrators report possible phoenix behaviour to the regulators?**

A: The Chairperson noted that all transactions prior to the Administrators' appointment will be the subject of further investigation. Should the Administrators make any findings that are reportable to the regulators, then they will do so.

**Michael Mann, former employee of ISG Management Pty Ltd (Administrators Appointed)**

**Q: Did a trust fund for redundancy ever exist, if so, what happened to it?**

A: The Chairperson noted that the Administrators were not aware of there being any trust established for employees but encouraged anyone with information to make it known to the Administrators so that it could be investigated.

**Paul Korkodyllos employee of ISG Management Pty Ltd (Administrators Appointed)**

**Q: Is it more likely that the sale will only pay part of our employee entitlements and the remainder we will need to sort through the FEG scheme?**

A: The Chairperson explained that, for example, superannuation arrears are given priority under the Corporations Act but are not covered by the FEG scheme. The Chairperson advised that there is the possibility of a return to priority creditors in relation to unpaid superannuation, and separately to have other classes of employee entitlements covered by the FEG scheme. The Chairperson explained that the Administrators would work through the components of employee claims and the basis upon which they might recover the claims. He advised that the Administrators would give employees as much information as they can, as quickly as they can.

**Mark Salmucci from Salmac Communications Pty Ltd ATF Salmac Communications Trust**

**Q: Is work issued by Tandem Networks after 1 July 2021 safe to proceed, can you guarantee payment?**

A: The Chairperson explained that the Administrators cannot speak for the directors of non-VA entities as they are not controlled by the Administrators. The Chairperson noted that it was the Administrators' understanding that the non-VA entities are continuing to trade in the ordinary course of business on normal terms. The Chairperson advised that any creditors of non-VA entities should raise concerns directly with their points of contact at the non-VA entities or the directors of that entity.

**Abdoula Charawani from M&A Combined Pty Ltd**

**Q: What is the total amount of debt to creditors?**

A: The Chairperson noted there was still further work to be done to determine the total amount owed to creditors of the Insolvent Companies. The Chairperson confirmed that there is a significant debt owed to the National Australia Bank Limited as a secured creditor of approximately \$17.0 million.

The Chairperson also noted millions of dollars owing to employees made redundant and continuing employees, noting entitlements for continuing employees may transfer to a purchasing entity as part of a sale.

The Chairperson advised that in relation to other creditor claims, the Administrators understand the total debt to be around \$2 million across the Insolvent Companies. He advised there may also be statutory and tax related debt, however, any such debt is too early to quantify.

The Chairperson also noted there is a contingent liability related to the class action filed against ISG Management Pty Ltd, however the Administrators do not have the capacity to reliably estimate the value of this claim.

**Shay Clifford, employee of ISG Management Pty Ltd (Administrators Appointed)**

**Q: There were payments made by customers, including Telstra, to the Insolvent Companies post-appointment that should have gone to the non-VA entities. Where has that money gone?**

A: The Chairperson noted that should the case be that funds were received in error by the Insolvent Companies following the Administrators' appointment, then those funds would be redirected to the entity in which they belong.

**Kate Curnow employee of Infrastructure Services Group (Aust) Pty Ltd (Administrators Appointed)**

**Q: When the list of creditors is published will amounts owed to individual employees be identifiable?**

A: The Chairperson confirmed that creditors would be able to access the list of attendees of the meetings, to be lodged with ASIC as an appendix to the minutes of the meetings following the meetings. He noted that where information is disclosed, it would be done so in accordance with the requirements of the Act and the Privacy Act 1988 (**Privacy Act**), including anonymising details of individuals, such as employee names, where required.

The Chairperson noted that more information regarding amounts owed to creditors would be included in the Administrators' report to be issued to creditors prior to the second meetings of creditors.

#### **General queries**

The Chairperson noted that several questions had been asked in relation to dealings of creditors with non-VA entities. The Chairperson advised that these queries should be directed to the directors of the non-VA entities.

The Chairperson also noted that several questions had been asked in relation to works completed either just prior to or just after the Administrators' appointment on 1 July 2021. The Chairperson advised that creditors in this situation should contact the Administrators' office following the meetings so that these queries could be discussed on an individual basis.

## Removal and replacement of Administrators

The Chairperson advised the meetings that should creditors resolve, pursuant to section 436E(4) of the Corporations Act, they could:

- remove the Administrators from office; and
- appoint another administrator or administrators of their choice.

The Chairperson confirmed that no alternative administrator nominations had been received. Accordingly, there were no alternate Administrators resolutions to put to creditors.

## Committee of Inspection

The Chairperson noted that pursuant to section 436E(1) and Insolvency Practice Schedule (Corporations) (IPS) 80-10, creditors may, by resolution, determine whether there is to be a committee of inspection.

The Chairperson noted that the purpose and powers of a committee of inspection are to:

- advise and assist the Administrators about matters relating to the Voluntary Administration;
- give directions to the Administrators; and
- monitor the conduct of the Voluntary Administration.

A committee of inspection may also:

- request the administrator give information, provide reports or produce documents; and
- under IPS 60-10 approve an administrators' remuneration.

The Chairperson noted that he had received multiple nominations to be a member of the committee from creditors or their representatives, and that creditors in attendance at the meetings would have the opportunity to submit written nominations to become a member of the committee of inspection via the 'Q&A' function.

The Chairperson explained the process that would be followed for creditors to nominate prospective members of the committee.

The meetings were temporarily suspended while nominations were received.

The Chairperson then put the following resolutions to creditors:

### Committee of inspection members

*"That:*

*National Australia Bank Limited;*

*Mr Christopher Hill representing Mr Robert Mutch;*

*Mr Adrian Kelly representing himself as an employee;*

*Mr Nathan Bradbery representing Bradson Communications; and*

*Ms Debbie Clarke representing FNQ Cable Locators*

*be appointed to the Committee of Inspection of the Insolvent Companies."*

### Waive IPS 80-55

*That despite the operation of IPS 80-55, members of the committee may directly or indirectly derive a profit or advantage from the external administration of the company if the profit or advantage is derived in the ordinary course of trading the business.*

The meetings were temporarily suspended whilst a poll was conducted for creditors to vote on the above resolutions. The results of the polls were as follows.

**Committee of inspection members**

Record of votes based on a poll:

Vote	Number of votes	Value of votes (\$)
In Favour	76	\$21,066,856
Against	12	\$281,851
Abstaining	12	\$733,247

**Waive IPS 80-55**

Record of votes based on a poll:

Vote	Number of votes	Value of votes (\$)
In Favour	50	\$20,383,459
Against	33	\$821,253
Abstaining	17	\$877,242

The Chairperson confirmed he exercised the general proxies he held in favour of the above resolutions.

Based on the above results, the Chairperson declared the resolutions passed.

The Chairperson advised that, shortly after polling on the above resolutions commenced, a member of the committee of inspection advised the Administrators via the 'Q&A' function that they misunderstood the role of a committee member and wished to resign from the committee. The Chairperson noted that he was satisfied this member could resign without prejudicing the working and functionality of the committee of inspection and would formally document that member's resignation from the committee following the meetings.

The Chairperson clarified that, in recognition of there being votes against the resolution to waive IPS 80-55, there is no opportunity for committee members to gain an unfair advantage as a result of waiving IPS 80-55. He explained that this resolution recognises that certain committee members may have an ongoing commercial relationship, including in their capacity as an employee, with the Insolvent Companies. He explained that this resolution allows those committee members to continue those commercial relationships with the Insolvent Companies.

**Closure**

The Chairperson declared the meeting closed at 3:28PM.

Signed as a true and correct record.

Keith Crawford  
Chairperson
