### Qualifications & Memberships

- Member, RITANZ
- Master of Science in Finance (Distinction)
- Bachelor of Management Studies (Second Class Honours, First Division)

John is an experienced corporate financier with over 20 years of experience providing corporate finance, strategy, litigation, restructuring and insolvency support to internal and external clients. He has worked across various industries, including retail, education, infrastructure, and telecommunications.

John has worked on a range of assignments, including restructuring companies, listing of companies on the Singapore Stock Exchange, developing strategies for large and small companies, and evaluating companies and complex financial instruments.

John's most recent position was with a \$4b infrastructure investment company. He was responsible for evaluating and analysing the investments made in the telecommunications and infrastructure industries. His achievements included valuing and selling minority equity interests in two telecommunication companies with a combined enterprise value of c.\$580m and creating models to value complex financial instruments.

### Engagement Experience

- Valuation and analysis of investments of a \$4b infrastructure investment company.
- Valuation of a group of entities involved in the storage, construction, and property industry.
- Valuation of a market research company with an enterprise value of c.\$80m.
- Listing of companies on the Singapore Stock Exchange with a combined market cap of SGD130m (NZD140m).
- Restructure of Goldtron Limited's debts of SGD330m (NZD350m).
- Restructure of Thakral Limited's debts of SGD460m (NZD483m).
