	<ul style="list-style-type: none"> ▪ progressing the sale of the business; and ▪ investigating the affairs of Tristar; ▪ preparing the Administrators' report and recommendation to creditors.

The Chairperson explained the circumstances under which FEG is available to employees.</p> <p>Lastly, the Chairperson confirmed that the Administrators will make a recommendation concerning the future of Tristar in the report the creditors.</p>
Questions	<p>The Chairperson then opened the meeting for questions via the 'Raise Hand' function.</p>
Dr Muhammad Jawaid	<p>Q: Do the doctors of Tristar come under the definition of employees and will the doctors be eligible for FEG?</p> <p>A: The Chairperson explained that the arrangements in place between Tristar and the doctors are a service contract and the doctors do not operate as an employee of the business. The Chairperson further explained that in the event any claims were made by a doctor under the FEG scheme, the department administering FEG would ultimately determine if the doctors' arrangements with Tristar would meet the definition of being a deemed employee. The Chairperson mentioned that in other instances of insolvency, contractors had been deemed employees by FEG, however the circumstances of each scenario needed to be assessed.</p>
Dr Admire Nyanhemwa	<p>Q: Do the doctors classify as secured or unsecured creditors?</p> <p>A: The Chairperson advised that a secured creditor is someone that has a registered security interest over the assets of the company, therefore the doctors are determined to be unsecured creditors.</p> <p>Q: What are the chances that the doctors will get back their unpaid wages?</p> <p>A: The Chairperson explained that it depends on the Administrators' ability to sell the business and what value the business is sold for. The Chairperson advised that there had been very strong interest from more than 50 separate parties as at the date of the meeting and that any incoming purchaser would likely want to reach terms with the doctors for the continuation of their services. In those circumstances, it was possible that there would be some recovery for the doctors by way of commercial arrangement.</p> <p>The Chairperson assured Dr Nyanhemwa that all doctors are assured to be paid for their services throughout the Administration and that the best chance of recovering monies doctors are presently owed is for the Administrators to achieve a sale of the business.</p>

<p>John from Cleaney Pty Ltd</p>	<p>Q: Should Cleaney Pty Ltd continue their cleaning services or should they place their services on hold until their outstanding debt is paid?</p> <p>A: The Chairperson advised that Cleaney Pty Ltd should continue their services, and that the Administrators would issue Cleaney Pty Ltd a purchase order. The Chairperson advised that all suppliers should have received a circular detailing the process for continuing services and that services performed under an approved purchase order would be paid by the Administrators.</p>
<p>Ray Collins from The Health Workers' Union</p>	<p>Q: Do the Administrators have an idea of the value of Tristar's outstanding employee entitlements?</p> <p>A: The Chairperson confirmed that the Administrators were currently calculating the outstanding superannuation, annual leave and long service leave. The Chairperson explained that the Administrators were also calculating any redundancy and payment in lieu of notice entitlements so that employees have an understanding of what these amounts could be.</p> <p>The Chairperson explained that the Administrators had extracted the entitlement information from the payroll system and their initial view is that some of the accrual of entitlements had been done incorrectly and is likely to be under accrued. The Chairperson confirmed that this information will be shared with employees once finalised.</p> <p>Q: Have the Australian Taxation Office (ATO) been notified of the Administrators' appointment and the unpaid superannuation?</p> <p>A: The Chairperson confirmed the ATO had been notified and that a representative of the ATO was in attendance at the meeting. The Chairperson explained that the ATO's proof of debt includes amounts in relation to superannuation guarantee charge.</p>
<p>Dr Gurbinder Chahal</p>	<p>Q: Is the clause in the doctors' contracts of being unable to work for another business within 15km of Tristar applicable during the Administration process?</p> <p>A: The Chairperson confirmed that all doctor's contracts are still in force and that the Administrators would look into the restraint of trade clause.</p> <p>Q: Are the doctors legally obliged to follow their existing contracts?</p> <p>A: The Chairperson explained that existing contracts remained on-foot with the company and that the Administrators had not terminated any doctor contracts. The Chairperson discussed that if a sale was achieved, the contractual arrangements with the doctors may be varied by agreement of the parties to the contract.</p> <p>Q: Is there a due date for creditors' Form 535 (Proof of Debt)?</p> <p>A: The Chairperson confirmed there is currently no cut off date for creditors to submit their proof of debts, and the only way a cut off date comes about is if a dividend is declared.</p> <p>Q: Have the Administrators calculated all individual amounts that Tristar owes?</p> <p>A: The Chairperson explained that the Administrators have an estimate of various debts, however there was still amounts that are likely to be outstanding and have not yet come forward. The Chairperson confirmed that the Administrators are currently working with Tristar's finance team to calculate the doctors' claims and that their preliminary investigations indicated that more than \$3 million was owed to doctors.</p>

	<p>Q: Is the company's value currently positive or negative?</p> <p>The Chairperson advised that the in the sale process there is prospect of good value and through a formal insolvency process a buyer can restructure the business, however emphasised that the business is insolvent as it is unable to pay all of its debts in full. The Chairperson explained that the Administrators consider it unlikely that the Administration would end with the company meeting all of its debts, however it was too early to tell.</p> <p>Q: Are the doctor's able to commence a creditors' petition to have the company liquidated?</p> <p>A: The Chairperson explained that no creditor can commence new proceedings whilst the company is in Administration. Once the Administration period ends, the company will either be placed into liquidation, or the sale could be executed through a deed of company arrangement and creditors will have the opportunity to vote on this at the second meeting of creditors.</p>
<p>Jonathan Greenwood from Northwest Healthcare Properties Australia</p>	<p>Q: Are there opportunities to purchase individual clinics, rather than the whole Tristar group of clinics?</p> <p>A: The Chairperson stated that the Administrators do not think that carving out clinics and selling them individually is in the best interest of creditors at this stage.</p> <p>Q: Will interested parties be able to view the debts and running costs that are aligned with each individual clinic?</p> <p>A: The Chairperson advised that all interested parties, under a confidentiality deed, will be able to view the clinical data in the data room.</p>
<p>Dr Moosa Salesianfarash</p>	<p>Q: If the Administrators close a clinic what will happen to the doctors in that clinic's contracts and their termination payments?</p> <p>A: The Chairperson advised that if the Administrators terminated any contract that was entered into prior to the Administrators' appointment, any termination liability was a debt of the Company's and not a personal liability of the Administrators. The Chairperson explained that the termination liability would then rank equally with other unsecured creditors (subject to any differing view under the FEG scheme).</p> <p>The Chairperson recommended that Dr Salesianfarash provide the Administrators with his contract so that he or his staff could review the termination fee clause.</p> <p>Q: What clinics will the Administrators be closing?</p> <p>A: The Chairperson advised that the Administrators had not determined to close any practices at this stage.</p>
<p>Dr Arif Rajput</p>	<p>Q: Are the Administrators planning on recruiting new doctors for the clinics that are short of doctors?</p> <p>A: The Chairperson advised the meeting that the company was in the process of recruiting additional doctors prior to the Administrators' appointment, and it is difficult to recruit during an insolvency process. The Chairperson explained that the pre-appointment recruitment information will be shared with all interested parties throughout the sale process so that the new owner can recommence recruitment.</p>
<p>Dr. Maryam Sahafi</p>	<p>Q: Is my contract void seeing as Tristar has not paid some doctors for 3 months?</p>

	<p>A: The Chairperson explained that Tristar and the Administrators had not terminated the doctor contracts, however recommended that Dr Maryam Sahafi seek her own independent legal advice.</p>
<p>Dr Velautham Jeyadinesh</p>	<p>Q: Can you please assist with the liquid nitrogen supply at the West Wylong clinic as the suppliers have taken all their containers?</p> <p>A: The Chairperson recommended Dr Jeyadinesh email the Administrators so their team could rectify the liquid nitrogen supply situation.</p>
<p>Kieran Devereux, employee of Khaled-El Sheikh Pty Ltd (Administrators Appointed)</p>	<p>Q: As the Tristar clinics are bulk billing practices, are the government looking to support Tristar to continue operating?</p> <p>A: The Chairperson advised that the Administrators had contacted some relevant government departments and that there would likely be further discussions with government departments in relation to the sale of the business.</p>
<p>Dr Joyce Dulce-Camiguing</p>	<p>Q: Is it guaranteed that all clinics will be open for 6 more weeks?</p> <p>A: The Chairperson advised that the clinic network was subject to ongoing review, noting that certain clinics had already been closed by Tristar. The Chairperson noted that it was the intention of the Administrators to maintain as many clinics as possible throughout the Administration process.</p>
<p>Brett McKinnon, former employee of Khaled-El Sheikh Pty Ltd (Administrators Appointed)</p>	<p>Q: What claims can the Administrators or Liquidators have against regulators, taxation authorities, the company owner or any other party?</p> <p>A: The Chairperson explained that Liquidators have the right to bring action in the Company's name and the ability to undo transactions that were not entered into in the interest of the Company or its creditors. The Chairperson advised that it was too early in the Administration process to identify all transactions worthy of investigation, however noted that given the level of creditor arrears and Tristar's financial duress, a detailed investigation would be required.</p> <p>The Chairperson further explained that the Administrators' immediate priorities have been focused on stabilising the business and commencing the sale process, however investigations would commence in greater detail the coming weeks and be set out in the report to creditors.</p>
<p>Phillip Sacca from Mabanco Engineering and Contracting Pty Ltd</p>	<p>Q: If there are proceeds to distribute to unsecured creditors, are they distributed in a share percentage?</p> <p>A: The Chairperson explained that if there are insufficient monies to pay unsecured creditors in full, everyone receives payment of an equal proportion of their debt.</p>
<p>Anna Chua, employee of Khaled-El Sheikh Pty Ltd (Administrators Appointed)</p>	<p>Q: Do you know what will happen if we are in the process of a 186-visa nomination, or who will take over the sponsorship?</p> <p>A; The Chairperson advised that interested parties in the sale process may take over the sponsorship of certain individuals, or meet the qualifying criteria for employees on visas to remain employed.</p>
<p>Removal and replacement of Administrators</p>	<p>The Chairperson advised the meeting that should creditors resolve, pursuant to section 436E(4) of the Corporations Act, they could:</p> <ul style="list-style-type: none"> ▪ remove the Administrators from office; and

	<ul style="list-style-type: none"> ▪ appoint another Administrator or Administrators of their choice. <p>The Chairperson confirmed that no alternative administrator nominations had been received. Accordingly, there were no alternative Administrators resolutions put to creditors.</p>
<p>Committee of Inspection</p>	<p>The Chairperson noted that under Insolvency Practice Schedule (Corporations) (IPS) 80-10, creditors may, by resolution, determine whether there is to be a committee of inspection.</p> <p>The Chairperson noted that the role of a committee of inspection is to:</p> <ul style="list-style-type: none"> ▪ advise and assist the Administrators about matters relating to the Voluntary Administration; ▪ give directions to the Administrators; and ▪ monitor the conduct of the Voluntary Administration. <p>A committee of inspection may also:</p> <ul style="list-style-type: none"> ▪ request the administrator give information, provide reports or produce documents; and ▪ obtain specialist advice or assistance. <p>The Chairperson noted that under IPS 60-10, a committee of inspection also has the power to approve the Administrators' remuneration.</p> <p>The Chairperson noted that he had received multiple nominations to be a member of the committee from creditors or their representatives, and that creditors in attendance at the meetings would have the opportunity to nominate themselves to become a member of the committee of inspection via the 'Raise Hand' function.</p> <p>The Chairperson explained the operation of IPS 80-55 and the relevance of the resolution to be put to creditors.</p> <p>The Chairperson explained the process that would be followed for creditors to nominate prospective members of the committee.</p> <p>The meetings were temporarily suspended while nominations were received.</p> <p>The Chairperson put the following resolutions to the meeting:</p> <p>Committee of Inspection members</p> <p><i>"That: Westpac Banking Corporation; Blue Duck Venture Capital Pty Ltd; Dr Jeyadinesh representing himself as a General Practitioner; Elizabeth Hamilton representing herself as an employee; and Tyra Milgate representing herself as an employee be appointed to the Committee of Inspection of Tristar."</i></p> <p>Waive IPS 80-55</p> <p><i>That despite the operation of IPS 80-55, members of the committee may directly or indirectly derive a profit or advantage from the external administration of the company if the profit or advantage is derived in the ordinary course of trading the business.</i></p> <p>The meetings were temporarily suspended whilst a poll was conducted for creditors to vote on the above resolutions.
